**Subject:** Water District #75-C

I just recieved a rather unpleasant phone call from Virginia Perry. We have received the minutes from their district but we still never have received the CORRECTED Watermasters Report & Proposed Budget back from Fred. Due to this I did not send out the packet of forms that we send upon receipt & approval of the Watermaster Report & the Proposed Budget. I told Virginia that Dennis had found errors in what Fred had sent in & that a corrected version had been sent to Bob Foster. Virginia says she talked to Fred & that he knows nothing about any of this. She also says if we expect to get all the little details from Fred we just aren't going to get it. I told her I would certainly send the forms she wants and that I would also let all of you know that according to her Fred knows nothing about the corrected forms that were sent to Salmon and that we basically aren't going to "get it". Do we go ahead and certify Fred or what??? Please advise since I am on the front line of all this. Thank you. Darlene 3/24/03

Hi Bob: Any word from Fred yet? I still have not received anything back from Water District #75-C. Thanks for your ongoing help with this. Darlene (2/20/03)

Hi Darlene, Fred came in and picked the reports up. I assumed he was going to correct them and send them back to you folks. I will try and get ahold of him and find out what's up. Thanks, Bob.

Hi Bob: On December 13, 2002 I sent you the Watermaster Report and the Proposed Budget that Water District 75-C had sent here. Dennis Dunn had me send these to you so you could go over them with Fred Jakovac. Once the forms were corrected & complete they were supposed to be returned here. So far I haven't seen these come back. Has Fred met with you? Please let me know what the status is. We need these back so I can send them the forms they need for their annual meeting. Thanks for your help. Darlene (2/13/03)

Hi Bob: I understand that I am to send you the Watermaster's Report & Proposed Budget that Fred Jakovac sent to us. I understand that you will contact him and get the information corrected and then return the corrected forms to us for Skip to sign. Please let Fred know I cannot send his Water District the forms they need for their annual meeting until I get the corrected form back. I am putting them in the mail and they should leave the Idaho Falls office tomorrow (12/13/02). Thanks for your help with this. Darlene
